

## Identify embedded interventions during facilitated free play time

---

Name

Date

### Instructions

Watch the video clip of Luke, the child in the dilemma: [Routine at home – playing Mr. Potato Head®](#). Identify the embedded interventions being used in combination.

1. Identify and describe the different embedded interventions (environmental modifications and/or peer support) you see being combined to support Luke's participation.

2. Explain how the embedded interventions are being used to support Luke's participation in a natural environment or inclusive setting.
