

Identify activities to support transition

Objective(s)

Learners will identify meaningful activities to support a child's successful transition.

Description

In this activity, learners will identify activities to support transition goals and outcomes before the child begins in the new program and after the child has started in their new classroom.

Required Materials/Resources

Learner Materials

- [Handout 2.2: Child Transition Profile Sample](#)
- [Handout 2.12: Tamiya's Individualized Education Plan \(IEP\)](#)
- Format for learner responses (written activity form, guidance for discussion)

Detailed Facilitator Instructions

1. Provide access to the handouts and the Activity 2.12a learner form.
2. Ask learners to consider the dilemma of Tamiya and the recommendation made in Step 4.B. Create meaningful activities to support Tamiya's transition goals and outcomes both before she enters the program and after she starts in the classroom. Encourage learners to consider the information provided in the two handouts for guidance and ideas.
3. Provide feedback.
