

Discover examples of assistive technology

Objective(s)

Learners discover strategies to help children use assistive technology (AT).

Description

In this activity, learners watch two video clips which highlight different AT interventions. Learners then use the internet to find additional examples of AT interventions.

Required Materials/Resources

Learner Materials

- [Video 5.7: Communicating at breakfast](#)
- [Video 5.8: Morning sign-in with Ethan and Amanda](#)
- Format for learner responses

Detailed Facilitator Instructions

1. Provide access to videos. Videos can be viewed as a class or independently outside of class.
2. Have learners use sites like www.youtube.com or www.vimeo.com to find additional examples of AT in use.
3. Provide feedback.

Facilitation Tips

- Learners can share videos in class or online.
- Break into groups to complete activity.

Alternate Version(s) (refers to different levels of difficulty)

- [Activity Guide 5.6a](#): Describe strategies to help children use assistive technology
- [Activity Guide 5.6c](#): Identify assistive technology in a real-life setting
