Introduction

Welcome to the module on family-professional partnerships developed by CONNECT. This module builds on the basic communication practices you learned in Module 3 and extends to partnership-oriented practices designed to promote trusting partnerships with families. Similar to basic communication skills, partnership-oriented practices require ongoing practice, reflection, and feedback to improve effectiveness in developing trusting partnerships with families.

Instructions

Read [Handout 4.4: Research Summary on Family-Centered Helping Practices](#). Be prepared to discuss written responses to the following questions.

1. List the family-centered helping practices studied through research that were found to be associated with positive family outcomes.

2. How relevant are the research findings to the context portrayed in the dilemma?

Apply the research to practice

Objective(s)

Learners describe the relevance of a research summary to a dilemma presented earlier in the module.

Description

In this activity, learners apply information from a research summary to a specific context.

Required Materials/Resources

Learner Materials

- [Handout 4.4: Research Summary on Family-Centered Helping Practices](#)
- [Audio 4.1: Perspectives of Dr. Beth Harry](#)

Detailed Facilitator Instructions

1. Provide learners with Handout 4.4: Research Summary on Family-Centered Helping Practices.
2. Ask learners to respond to questions 1-3 on the form.
3. Provide learners with Audio 4.2: Perspectives of Dr. Beth Harry.
4. Ask learners to respond to question 4 on the form.
5. Provide feedback.

Suggested Assessment

1. Family-centered helping practices found to be associated with positive family outcomes are:
 - A single definition is not provided in the research literature.
 - Examples of family-centered helping practices include treating families with dignity and respect, sharing relevant information so that families can make informed decisions, offering families choices regarding their involvement in the provision of services, and forming partnerships with families and working collaboratively with them.
2. Relevancy of research findings to context portrayed in dilemma is:
 - The research sample included almost 90% mothers rather than fathers, and only 7% of the participants were African American.
 - However, early childhood practitioners and preschool settings were among the professionals and settings included in these studies.
3. Similarities and differences between families in research summary and Aaron and his family are:
 - Aaron is a single father who has experienced long-term economic challenges, but there are no data from the studies on the socioeconomic status of the families, which is noteworthy because families who

5-Step Learning Cycle™

Each CONNECT Module focuses on a discrete practice in a key content area (e.g., inclusion, family-professional partnerships, transition) and is organized around the 5-Step Learning Cycle™. The 5-Step Learning Cycle™ is an innovative approach for making evidence-based practice decisions. It is based on realistic problems to solve and the importance of integrating multiple perspectives and sources of evidence.

To learn more about the cycle, click on the step to read the descriptions below or watch the video clip: [CONNECT Modules: 5-Step Learning Cycle™](#).

Step 1. Dilemma

In **Step 1**, the learner considers a realistic dilemma to be solved. The dilemma is presented from the perspectives of family members and / or the practitioners.

Using the Instructor Dashboard

Need a hand in preparing for your course or professional development session? Look no further - Dashboards are here to help. Dashboards are instructor homepages for each module. You will find:

- 1) **Activity guides** that include facilitation tips and recommended assessments,
- 2) **Personnel preparation standards** that correspond to each module,
- 3) **OSEP indicators and outcomes** that correspond to each module, and
- 4) Downloadable versions of **video and audio clips**.

BE PREPARED! If you don't have an internet connection in your classroom, download videos and audio clips in advance.

Instructor Dashboards for each module are located in the "For Instructors" section of the website.

Brief Descriptions of the CONNECT Modules

Module 1: Embedded Interventions

Embedded interventions are strategies that address specific learning goals within the context of daily routines, and transitions at home, at school or in the community. Examples of embedded interventions include: modifying the environment, using visual supports, and using social stories.

Aligning CONNECT Modules with NAEYC and DEC Personnel Preparation Standards

Module 1: Embedded Interventions	
NAEYC Core Standards	CEC / DEC Initial Standards
For Initial and Advanced Early Childhood Preparation Programs	Knowledge and Skill Base for All Beginning Early Childhood Special Education/Early Intervention (Birth to Age 8) (CC= common core; EC= early childhood; K= knowledge; S= Skills)
NAEYC Standard 1: Promoting Child Development and Learning 1a: Knowing and understanding young children's characteristics and needs.	CEC/DEC Standard 1: Foundations—Know philosophies, evidence-based principles, laws, and diverse and historical points of view. CC1K4 – Rights and responsibilities of students, parents, teachers, and other professionals, and schools related to exceptional learning needs. CEC/DEC Standard 3: Individual Learning Differences—Know evidence-based practices validated for certain characteristics of learners. Understand the influence of culture, primary language, and social and physical environments. EC3 S1 – Develop, implement, and evaluate learning experiences and strategies that respect the diversity of infants and young children, and their families. EC3 S2 – Develop and match learning experiences and strategies to characteristics of infants and young children.
NAEYC Standard 4: Using Developmentally Effective Approaches to Connect with Children and Families 4b: Knowing and understanding effective strategies and tools for early education.	CEC/DEC Standard 4: Instructional Strategies—Possess and use a repertoire of evidence-based instructional strategies that promote the success of children. CC4K1 – Evidence-based practices validated for specific characteristics of learners and settings. CC4 S2 – Use strategies to facilitate integration into various settings. CC4 S4 – Select, adapt, and use instructional strategies and materials according to characteristics of the individual with exceptional learning needs. EC4 S1 – Plan, implement, and evaluate developmentally appropriate curricula, instruction, and adaptations based on knowledge of individual children, the family, and the community. EC4 S2 – Facilitate child-initiated development and learning.
NAEYC Standard 6: Becoming a Professional 6c: Engaging in continuous, collaborative learning to inform practice 6d: Integrating knowledgeable, reflective, and critical perspectives on early education	CEC/DEC Standard 5: Learning Environments and Social Interactions—Actively create learning environments that foster cultural understanding, safety, emotional well-being, positive social interactions, and active engagement. CC5 S4 – Design learning environments that encourage active participation in individual and group activities. EC5 S1 – Select, develop, and evaluate developmentally and functionally appropriate materials, equipment and environments. EC5 S2 – Organize space, time, materials, peers, and adults to maximize progress in natural and structured environments. EC5 S3 – Embed learning opportunities in everyday routines, relationships, activities, and places. EC5 S4 – Structure social environments, using peer models and proximity, and responsive adults, to promote interactions among peers, parents, and caregivers. CEC/DEC Standard 6: Language—Understand typical and atypical language development and individualized strategies to enhance language and communication skills. CC6 S1 – Use strategies to support and enhance communication skills of individuals with exceptional learning needs. CEC/DEC Standard 7: Instructional Planning—Develop long- and short-range goals. EC7 S6 – Develop individualized plans that support development and learning as well as caregiver responsiveness. EC7 S7 – Develop an individualized plan that supports the child's independent functioning in the child's natural environments. EC7 S8 – Make adaptations for the unique developmental and learning needs of children, including those from diverse backgrounds. CEC/DEC Standard 9: Professional and Ethical Practice CC9 S13 – Demonstrate commitment to engage in evidence-based practices. EC9 S6 – Apply evidence-based and recommended practices for infants and young children including those from diverse backgrounds.
