The background of the slide is a stylized, high-contrast representation of the United States flag. It features a dark blue field with white stars and a white field with red stripes. The stars are depicted as simple white shapes, some of which are slightly blurred or have a soft glow. The stripes are broad and curved, creating a sense of movement and depth. The overall color palette is dominated by dark blue, white, and red, with some brownish-orange tones in the lower right corner.

# NPDCI Definition of Professional Development

*“Professional development is facilitated teaching and learning experiences that are **transactional** and designed to support the **acquisition** of professional knowledge, skills, and dispositions as well as the **application** of this knowledge in practice...”*

# Definition (continued)

*The key components of professional development include:*

- a) characteristics and contexts of the learners (i.e., **the “who”**);*
- b) content (i.e., **the “what”** of professional development); and*
- c) organization and facilitation of learning experiences (i.e., **the “how”**). ”*

FPG CHILD DEVELOPMENT INSTITUTE

The Prenatal through Three Workforce Development Project is identifying best practices and core competencies for the P-3 workforce in Los Angeles County. This is a interdisciplinary project partnering with the work sectors of **early care and education, early intervention, mental health, physical health, and social services/child welfare**

- Early Childhood Development
- Family-Centered Practice
- Relationship-based Practice
- Health and Developmental Risk and Protective Factors
- Cultural and Linguistic Responsiveness
- Leadership and Advocacy
- Professional and Ethical Practices
- Service Planning, Coordination, and Collaboration

The background of the slide is a close-up, slightly blurred image of the American flag. The stars and stripes are visible, with the blue field containing white stars and the red and white stripes. The text is overlaid on a dark blue rectangular area.

incorporate  
EBP into PD.

But what does  
that mean?

# Evidence-Based Practice is.....

A decision-making process  
that **integrates** the best available  
research evidence with family &  
professional wisdom & values

## Small Group Activity

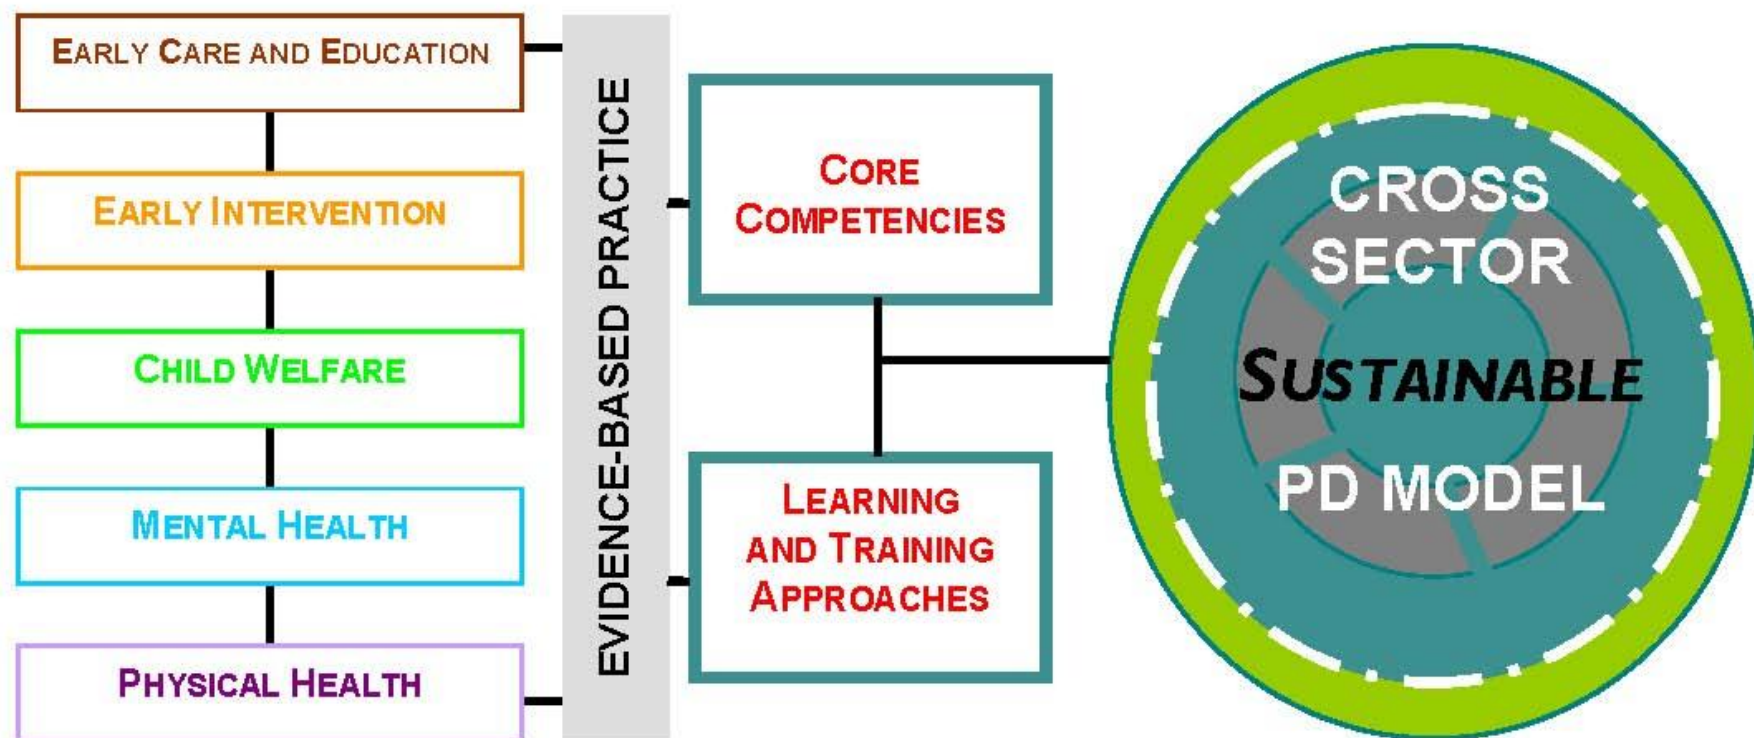

In your groups, use the 5-step decision-making cycle to reach consensus

# Los Angeles County

# P-3 WFD Project Objectives

## Identification of cross-sector core competencies and best practices

# Cross-Sector Professional Development Model

## Key Practices of the Core Competencies:

- Interdisciplinary Communication and Collaboration
- Relationship-based Practice

## The Professional Development Model is delivered via the 5-step Learning Cycle

### Step 1: Dilemma

- Developed brief case studies per Module
  - Example: A 17-year-old mother just gave birth to her second child, a 6 week old. The teen mother also has an 18-month-old child. Mother reports that she struggles with the behavior of her 18-month-old and reports that she tries to use “time-out” whenever he tantrums. She’s also noticed that her 18-month-old sucks his thumb, rarely speaks (only about 5 words) and does not always follow her directions.

## **Step 2: Turn the Dilemma Into Answerable Questions**

## **Step 3: Discuss the Evidence**

- Research
- Examples and Tools
- Policies
- Experience-based Wisdom and Values

## **Step 4: Come to a Decision**

- Consider Context and Values
- Identify Needs and Resources

## **Step 5: Evaluate**

- Gathering and Using Information

# Accomplishments and Next Steps

- Identified core competencies and recommended training and learning approaches✓
- Developed and field-testing cross-sector professional development model✓
- *Conduct second field-test*
- *Make recommendations on sustainability*
