Aligning CONNECT Modules with OSEP Indicators and Outcomes

The state administrators in charge of early intervention services (Part C of IDEA) and preschool disabilities services (Part B Section 619 of IDEA) have certain reporting requirements to the US Department of Education – Office of Special Education Programs (OSEP).

Part C Early Intervention and Part B-Section 619 coordinators must demonstrate yearly progress in Annual Performance Reviews (APR) of their State Performance Plans (SPP) towards performance indicators related to early childhood outcomes. Part C has 11 indicators and Part B has 17 indicators on the SPP/APR. The State’s SPP/APR includes a systemic improvement plan (SSIP) which includes support for program and/or practitioner implementation of evidence-based practices.

The content, activities and resources of CONNECT Modules 1, 2, 4, 5, and 7 can be used by professional development providers to help states make progress towards the following OSEP Indicators: Part C Indicators =2, 3, 4, & 8. Part B Indicators=6, 7, 8, & 12. CONNECT Modules are free online resources for faculty and professional development providers. They can be found at https://www.connectmodules.dec-sped.org
