During the visit as you discuss the transition plan, make notes on the next steps that you have agreed upon at the bottom. Then leave the sheet with the family.

Next Steps for child's name

To be completed during home visit.

Make notes here about next steps that you and the family have agreed upon to support the child’s transition.

For example:

1. I will ask the program’s speech therapist to call Mom.
2. I will create a cozy nook in the classroom where Nikaia can go to escape the sometimes hectic classroom if she becomes overwhelmed.
3. Mom will bring a few of Nikaia’s favorite books and her teddy bear to leave in the classroom.
4. I will share videos and photos of Nikaia with the assistant teacher and other staff members.
